www.rostercharolais.com

Hello,

Once again, it's that time of year for us to send catalogs and invite you to our annual Bull Sale. On behalf of Teresa, Lindy and myself, I am pleased to extend an invitation to you to come to our place on April 6 and evaluate our program.

We are committed to producing the very highest quality product available anywhere in the industry. Our focus is exclusively on raising bulls for commercial producers to be utilized in cross breeding situations with minimal headaches and maximum profits.

This year's offering features large groups of 1/2 and 3/4 brothers who are consistent for quality and uniformity. All the way to the last bull in the sale.

Any success we've had in the past, is of course closely tied to our relations with our friends and customers. We are very grateful for your continued support and realize how fortunate we are to be working with the best in the world.

As always, if you have any questions please call us and we'll do our best to assist you!

See you on April 6th or sooner if you want to stop by to see the bulls before the sale.

Thanks,

Mike

What will you see when you look at a Roster Charolais Bull?

Our Herd bulls will be long made, deep bodied, and well muscled. Good headed with structural correctness and an emphasis on sound feet and legs. Fertility and libido are, of course, what makes the whole process work. They are equally important. Quiet disposition translates into less headaches and more potential profit, so every herd bull we have is easy to handle and quiet.

Helios heavily influences our program from the own sons in the offering to the many daughters who have produced bulls also. He is gentle, long made and easy calving. While not a show bull, he sires calves that are eye appealing with explosive growth.

BUY BACK PROGRAM

Our Buy Back Program is very simple. Contact us, in advance, about when and where you decide to market your calves. We will be there to bid on them. While we may not get all the calves bought, we help insure our customers, that their calves will bring full market value, for their weight, on sale day. This program can and has added significant value to our customers' calves, making our bulls an even better value to you.

This system has really developed well for us and our customers. It is important to note that we aren't acting as order buyers. We are committing our own resources for the advancement of our program and the benefit of our customers.

The bulls are available for viewing at the farm

**There are also many photos and videos on our
webpage**

www.rostercharolais.com

All the bulls in this sale were on test in the same group for 150 days. They were fed a medium megacal developer ration. The feed program is not designed for maximum gain in a short period but for the long term welfare and longevity of the bull. We have received many positive comments over the years about how well the bulls hold up for our customers. We are convinced this is a better way to develop our bulls instead of trying to see how big or heavy we can make them. Our philosophy is to offer bulls with adequate growth in a crossbreeding situation. We feel that **every** bull in the sale meets this criteria.

All the bulls in this sale have been tested negative for persistent infection (PI) of BVD.

Many of our customers have us take the bulls back to our place after the sale for later delivery. They are returned to the same pens and are put on the same ration. This helps in their continued development for breeding season especially on some of the younger bulls. At delivery time, we almost always hear the same comment "Boy, he sure got bigger."

NOTES

Guarantee:

All bulls are guaranteed breeders and are guaranteed to pass a breeding soundness exam. If, for any reason, a bull can't service your cows during his first season, we will provide a good quality replacement for you to use for the rest of the season.

Announcements from the block take precedence over anything printed.

Retained Interests:

Roster Charolais will retain a 1/4 breeding interest in all bulls sold. This is for in herd use and for revenue sharing in future semen sales.
